We begin this bulletin with news of two silent keys.

It is with deep regret that we announce the passing of Alan Harrington, ZS1DOG at the end of November 2021 after a long illness. Alan was a long-time member of Cape Town ARC. We extend our condolences to his family and friends.

The father of the Automatic Packet Reporting System (APRS), Bob Bruninga, WB4APR of Glen Burnie, Maryland, died on Monday 7 February at the age of 73. According to his daughter, Bob succumbed to cancer and the effects of COVID-19. Over the years, Bob readily shared his broad knowledge and experience in APRS and other topics in the amateur radio and electronics fields. We extend our condolences to his family and friends.
